COURSE SYLLABUS

UI / UX Design

22 modules | 88 sessions | live classes, recordings, assignments and placement support

01. Orientation and the designer mindset (Week 1)

- What UI and UX designers do in product teams
- Design process: discover, define, design, validate
- Figma setup and file organisation
- How this course is assessed

02. Design fundamentals (Week 1)

- Layout grids and alignment
- Hierarchy, contrast and spacing
- Colour theory and accessible palettes
- Typography scale and pairing

03. User research basics (Week 2)

- Writing a research plan
- Interview scripts and asking neutral questions
- Surveys and when not to use them
- Synthesising notes into themes

04. Personas, journeys and problem framing (Week 2)

- Turning research into personas
- Journey maps and pain points
- Problem statements and how might we questions
- Scoping the right problem

05. Information architecture (Week 3)

- Card sorting and tree testing
- Navigation patterns
- Site maps and flow diagrams
- Naming and labelling content

06. Wireframing (Week 3)

- Low fidelity sketching
- Wireframe kits and greybox layouts
- Content first wireframes
- Reviewing wireframes with stakeholders

07. Figma core skills (Week 4)

- Frames, layers and auto layout
- Components, variants and properties
- Styles, variables and design tokens
- Prototyping links and transitions

08. Building a design system (Week 4)

- Atoms, molecules and patterns
- Component naming and documentation
- Spacing and radius scales
- Versioning and handoff

09. Interaction design (Week 5)

- States: default, hover, focus, disabled
- Micro interactions and feedback

- Motion principles and timing
- Designing for touch gestures

10. Accessibility in design (Week 5)

- Contrast and text sizing
- Focus states and keyboard flows
- Accessible forms and error messaging
- Testing with a screen reader

11. Mobile app design (Week 6)

- iOS and Android conventions
- Navigation models and tab bars
- Responsive rules and breakpoints
- Designing for one hand use

12. Web design and responsive layout (Week 6)

- Desktop, tablet and mobile frames
- Grids and container widths
- Sections that convert
- Dark mode variations

13. Forms and complex flows (Week 7)

- Form field design and validation
- Multi step flows and progress
- Empty, loading and error states
- Reducing cognitive load

14. Usability testing (Week 7)

- Writing a test script
- Moderating without leading
- Recording observations and severity
- Turning findings into fixes

15. Dashboards and data design (Week 8)

- Information density that still reads
- Chart selection in product UI
- Tables, filters and bulk actions
- Designing for power users

16. Design handoff and developer collaboration (Week 8)

- Specs, annotations and tokens
- Working with an engineering team
- Reviewing builds against design
- Handling design debt

17. Portfolio project 1: mobile app (Week 9)

- Choose a real problem and audience
- Research and problem statement
- Flows, wireframes and UI screens
- Interactive prototype and test

18. Portfolio project 2: SaaS dashboard (Week 10)

- Information architecture for the product
- Component library and tokens
- Key screens with all states
- Case study write up

19. Case studies and storytelling (Week 11)

- Structure: context, role, process, outcome
- Showing decisions, not just screens
- Before and after comparisons
- Writing for recruiters and clients

20. Freelance UX and client work (Week 11)

- Scoping and estimating design work
- Workshops and stakeholder alignment
- Pricing models
- Deliverables and handover

21. AI in design workflow (Week 12)

- Using AI for research synthesis and copy
- Generating and refining ideas
- AI plugins in Figma
- Where human judgement still wins

22. Interview preparation (Week 12)

- Portfolio review checklist
- Whiteboard design challenge practice
- Presenting a case study in ten minutes
- Mock interview and feedback

Fees, batch dates and mode (online / classroom): confirm the current numbers on the website or with the admissions team before enrolling. Yantrix Technology, Pune.
